# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

### Cal OES INLAND REGION

#### **Oroville Dam Spillway Scheduled Water Release, Butte County**

On 03/31/19 at 1126 hours, the California State Warning Center was notified by the Department of Water Resources (DWR) that the Emergency Action Plan (EAP) for Oroville Dam High Flow Operations has been activated. This is a precautionary measure only. No hazard or threat to the Oroville Facilities exists.

Per DWR as of 04/02/19 at 1326 hours:

- Oroville Spillway water release is going as planned.
- The Spillway is currently releasing 8,300 CFS.
- The Hyatt Power Plant (at the base of the dam) is releasing 11,700 CFS
- A total of 20,000 CFS is being released into the Feather River at this time.
- The current plan is for the spillway to release water for between 5 to 7 days. Water releases may increase if the current weather system provides more rain water than anticipated.
- DWR will continue to notify local emergency management agencies and entities along the Feather River of significant changes in releases from Lake Oroville.
- Dam Safety will stay engaged with the dam owner throughout the water release and keep the CSWC up to date if anything changes.
- The CSWC will continue to monitor the situation and provide updates as they become available.

### Cal OES COASTAL REGION

- Nothing significant to report.

### Cal OES SOUTHERN REGION

#### **Train Derailment, Los Angeles, Los Angeles County, Hazardous Materials Spill Report: 19-2189**

On 04/02/19 at 1710 hours, the California State Warning Center (CSWC) received a report from Union Pacific Railroad (UPRR) advising one railcar derailed in the upright position due to unknown reasons.

- There was no hazmat release.
- Railcar is part of a work train loaded with ballast.
- No reported injuries to crew members or passengers.
- No main lines impacted.
- Notifications were made per Hazardous Materials SOP.

## FIRE ACTIVITY

### Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

#### Cal OES Fire Missions

- **2019-FIRE-402:** Incident Number: CA-CDF-000127, Request for five 20-person Hand Crew each and all necessary personnel, support, transportation and materials. 65 additional soldiers to be trained and ready to backfill. Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 Crew in each unit with the exception of 2 crews in FKU).

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Unsettled weather this week as several weather systems impact Northern California.
- Slight lowering of snow levels may bring snowfall to the higher passes by late this morning that will continue through this evening.
- A few thunderstorms will also be possible accompanied by small hail, brief heavy rain and gusty winds.

## **SOUTHERN CALIFORNIA**

- Chance of rain late Thursday through Saturday.
- Strong and gusty west wind in the mountains and deserts from this afternoon into Wednesday morning with the strongest winds this evening.
- Higher pressure aloft will bring a warming trend for Friday into early next week.

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**04/02/19 - 04/08/19**

## **Tuesday-Wednesday**

- A relatively minor storm system will continue to move across northern California, with valley rain and mountain snow showers for the northern half of the state
  - Generally light to moderate precipitation expected, but there is a slight chance of thunderstorms today, which could bring brief heavy rain, gusty winds, or small hail
  - Travel impacts are expected along the higher mountain passes due to accumulating snowfall
- Gusty winds will continue across Southern Region
  - Difficult driving conditions are expected for high profile vehicles. Light, unsecured objects may become airborne, and minor tree damage is possible.
- Other than a few lingering showers, Wednesday should be a relative break in precipitation

## **Thursday-Monday**

- A stronger and wetter storm system could bring moderate to heavy rainfall to northern and central California to end the week, with Friday through Sunday as the most likely days for heavy rain
  - Heavy rain is possible across northern and central California Friday, then only in the far northern portions of the state Saturday through Monday
  - Gusty winds are possible statewide with this storm, especially on Friday

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-558, 03/29/19, 0851 hours:** Butte County Sheriff's Office, requested 2 HRD K9s for a Law Enforcement sensitive mission. Mission schedule for 04/05/19 at 0800 hours. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-526, 03/27/19, 0830 hours:** Santa Cruz SO, requested 7 HRD canine teams to assist with a Law Enforcement sensitive mission. Mission scheduled for 04/06/19. Cal OES LEB canine coordinator is coordinating the request. **MISSION ONGOING**
- **2019-LAW-510, 03/27/19, 1915 hours:** Sacramento Sheriff requested Solano Sheriff to provide mutual aid for a dive recovery mission. On 03/26/19, a vehicle traveling on US 50 at Pioneer Bridge was involved in a collision. The vehicle traversed off the bridge into the Sacramento River. Due to the depth of the vehicle, and several identified hazards in the area, Sacramento Sheriff requested Solano Sheriff's Dive Team, specialized equipment, and personnel. On 03/27/19, Sacramento and Solano personnel conducted an assessment of the mission. It was determined that a specialized barge will be needed to safely conduct the recovery. CHP and Sacramento Sheriff are working in a Unified Command posture for this incident. Cal OES Law Enforcement Branch (LEB) Assistant Chief has assumed coordination of this incident, and scheduled an agency stakeholder meeting on 03/28/19. **Update, 03/29/19:** Sacramento and Solano Sheriff's dive teams will dive on 03/30/19 to locate and identify the truck, and attach marker buoys. The recovery phase will depend upon arrival time of an ordered barge & crane. **Update, 03/30/19:** Due to hazardous river conditions on 03/30/19, mission goals were not achieved. Efforts will continue on Monday, 04/01/19. **Update, 04/01/19:** Truck was located at the end of the day. Salvage divers will go down again on 04/03/19, to attach buoys. Once they secure the truck, the barge & crane will be requested. **MISSION ONGOING**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2019-SOUTHERN-621:** Request for Caltrans District 7 rock slide blasting on a county maintained road. Yerba Buena between PCH and Yellow Hill Road. (On Scene)
- **2019-SOC-275:** Request for Caltrans Engineer to provide initial technical assistance and determine the scope of the storm drain assessment project alongside city contractors for the town of Paradise. (Coordinating)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)
